

Buckeye®

The **Crossbow** Difference

Crossbow is a pH neutral, no-foam cleaner. Regardless of the pH of your water, **Crossbow** remains pH neutral in concentrate and when diluted. This means **Crossbow** works on all types of floors, finished or unfinished, and keeps your floors exceptionally clean. **Crossbow** is also foam-free, so it won't create foam that could shut down your automatic scrubber vacuum motor.

Available Packaging

FEATURES

- pH neutral
- Safe on floor finish
- No-rinse formula
- Effective in hard water
- Pleasant fragrance
- No OSHA hazardous materials
- Outstanding cleaning abilities
- Will not cause foam in the recovery tank of autoscrubbers

Crossbow is ideal for use in autoscrubbers!

Recommended for use with Buckeye's Action Control System® II.

For light soils, use the RED Action Lock II Connector™.

For normal to heavy soils, use the BLUE Action Lock II Connector.

Crossbow is primarily designed for use in all types of automatic scrubbers. However, it also works great in mop and bucket applications.

Suggested Use Dilutions

Light Soil: 1 oz. per gallon of water

Normal to Heavy Soil: 2 oz. per gallon of water
