

SILK™

Buckeye®

PINK LOTION HAND CLEANER

KEEPS HANDS
SOFT & SMOOTH

Buckeye Silk is a ready-to-use, pearlescent, pink lotion cleaner designed especially for superior hand care. Its synthetic detergent blend provides an abundance of soft fine-textured lather for gentle but thorough cleaning.

Because Silk is formulated under the most exacting controls, its unique properties include superior detergency, excellent stability, and guaranteed uniformity. Through excellent emulsifying and cleaning properties, Silk removes dirt and greasy soil quickly. Its rich velvety lather leaves hands soft, smooth, and refreshed.

The dedicated research team at Buckeye formulated Silk with the idea that hand soap needs more than the ability to wash hands. A superior hand soap needs to be gentle on skin without removing the natural oils. Additionally, it must be pleasing to the senses. It should rinse completely and it should be a ready-to-use formula. All of these factors were put together to create Buckeye's Silk Pink Lotion Hand Cleaner.

Silk requires no mixing for easy use. Because it is always at the proper consistency, it cuts down on product loss from dripping dispensers and it eliminates messy restrooms. Through superior product chemistry, Silk is the perfect mild lotion soap for all types of facilities.

(Silk is designed for use through dispensers or pumps. When used in globe-type soap dispensers, it should be cut 1 part Silk with 1 part water).
