

**Buckeye Glint** is designed to clean and polish stainless steel, chrome, aluminum, brass, copper and silver.

When used as directed, **Glint** is easy to apply, will give a pleasing shine and will help retard tarnishing of the metal surface.

**Glint** also...

- ❖ Requires less rubbing
- ❖ Has a streak-free formula
- ❖ Exhibits excellent cleaning capabilities
- ❖ Leaves no greasy residue
- ❖ Delivers a great shine
- ❖ Has a pleasant fragrance

**Directions for use:**

1. Shake well before use.
2. Hold 8-10 inches away from surface and spray a light coating onto area to be cleaned and polished.
3. Using a circular motion, spread and wipe dry with a clean, absorbent cloth or towel.

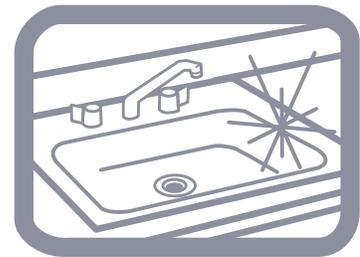

**Note:** Before cleaning and polishing starts in food processing areas, food products and packaging materials must be removed from the room or carefully protected.

**PRECAUTIONARY MEASURES:**

Contents under pressure. Point away from eyes. Temperatures over 120°F (50°C) may cause bursting. Do not puncture or incinerate, or use near open flame. Intentional misuse by concentrating and inhaling contents may be harmful or fatal. Avoid contact with eyes.
