The US Environmental Protection Agency (EPA) has approved Buckeye Terminator for use against SARS-Related Coronavirus 2 (SARS-CoV-2) [cause of COVID-19] with a one-minute contact time at a 2 oz./gal. dilution rate.

The Buckeye Terminator Difference

Buckeye Terminator is a heavy-duty quaternary-based disinfectant, cleaner, sanitizer and deodorizer.

What makes Terminator unique is that it may be used as a disinfectant at two different dilution ratios:
- 2 oz./gal. for general cleaning
- 8 oz./gal. for heavy-duty applications

Effectively Kills: Staphylococcus aureus, Methicillin Resistant (MRSA) and Community Associated Methicillin Resistant (CAMRSA) Staphylococcus aureus, Pseudomonas, Salmonella, Streptococcus, Adenovirus 5&7 [at 8 oz. per gallon], HIV-1 (associated with the AIDS Virus), HBV (Hepatitis B Virus), HCV (Hepatitis C Virus), Influenza A Virus/Brazil, Norwalk Virus, Rotavirus, SARS Associated Coronavirus (cause of Severe Acute Respiratory Syndrome), and Vaccinia Virus.

Kills Pandemic 2009 H1N1 influenza A virus (formerly called swine flu). EPA states that all currently registered influenza A virus disinfectants for use on hard, nonporous products are also effective against the 2009-H1N1 flu strain and other influenza A strains. For more information, visit http://www.epa.gov/oppad001/influenza-disinfectants.html.

FEATURERES

- Cleaner
- Sanitizer
- Fungicidal
- Virucidal*
- Fungicide
- Mildewstatic
- Deodorizer
- Effective in hard water up to 200 ppm in the presence of 5% organic serum
- Economical
- Safe on floor finish
- E.P.A. registered
- Easy-to-use
- For use on washable, hard, nonporous surfaces
- Leaves a fresh citrus scent

Buckeye Terminator is designed for use in:
- Nursing homes
- Industrial warehouses
- Hospitals
- Retail facilities
- Healthcare facilities
- Hotels
- Schools and Churches
- Health clubs

Available Packaging

DIRECTIONS FOR USE:

USE BUCKEYE TERMINATOR TO SANITIZE NON-FOOD, NONPOROUS CONTACT SURFACES:
Treated surfaces must remain wet for 60 seconds. Wipe dry with a sponge, mop or cloth or allow to air dry. Terminator can be used in a variety of application methods including: spray and wipe, mop and bucket, foam gun, and as a non-acid bowl cleaner.

TO SANITIZE NON-FOOD CONTACT SURFACES:
Add 2 oz. of Buckeye Terminator per 4 gallons of water to sanitize hard, nonporous surfaces. Treated surfaces must remain wet for 60 seconds. Wipe dry with a sponge, mop or cloth or allow to air dry.

DISINFECTION/VIRUCIDAL, FUNGICIDAL DIRECTIONS:
Add 2 oz. per gallon of water. For heavy-duty use, add 8 oz. per gallon of water. Apply use solution to hard, nonporous surfaces. Treated surfaces must remain wet for 10 minutes. Wipe dry with a cloth, sponge or mop, or allow to air dry. For heavily soiled areas, a preliminary cleaning is required.

Smart Center™:
½ oz./gal. — mop bucket – pink tip
— Grip & Go® — burgundy tip
2 oz./gal. — mop bucket – blue tip
— Grip & Go® — pink tip
8 oz./gal. — mop bucket – (heavy-duty) purple tip
— Grip & Go® — blue tip
