

Odor Counteractant

Buckeye Eco Odor Counteractant is a patented, liquid odor counteractant formulated with exotic oils that chemically react on contact with urine, feces, food waste, and other foul-odor substances to eliminate odors at their sources.

Buckeye Eco Odor Counteractant combats the unavoidable odors associated with long-term care facilities, nursing homes, hospitals, medical centers, and schools and universities.

FEATURES • ADVANTAGES • BENEFITS

FEATURES

- Eliminates odors
- Chemically reacts on contact with foul-odor substances
- No added perfumes or dyes

ADVANTAGES

- Odor is gone, does not mask odor with heavy perfume
- Reduced raw materials

BENEFITS

- Saves labor and product costs by employee not continually spraying to cover odor
- Saves on product cost and is better environmentally due to less shipping, fuel and exhaust

1.25 L Bag Yield Rate

2 oz./gal. (1:64) makes 21.5 end-use gallons, which is equivalent to:

Each 4x1 case makes 86 end-use gallons

8 oz./gal. (1:16) makes 5.6 end-use gallons, which is equivalent to:

Each 4x1 case makes 90 end-use quarts

Directions for Use

Connecting 1.25 L Bags to Buckeye Eco Unit

1. Remove 1.25 L bag from carton.
2. To open the Buckeye Eco unit product compartment, depress the top of the unit with your fingers and pull the compartment down towards you with your other hand.
3. Align Buckeye Eco unit connector cap lugs with 1.25 L bag metering plug channels. Rotate clockwise to lock in place.
4. Fit 1.25 L bag neatly into product compartment with hose barb pointed downward.
**Ensure chemical line is not pinched.*
5. Close Buckeye Eco unit product compartment.

Dispensing Diluted Product into 32 oz. Trigger Spray Bottle

1. Use appropriate 32 oz. trigger spray bottle, and slide up over 5-inch discharge hose.
2. Push back lever to dispense cold water diluted product.
3. Once trigger spray bottle is filled (approximately 2 inches from top), release lever to avoid overfilling.

Dispensing Diluted Product into Mop and Bucket/Other Equipment

1. Position Buckeye Eco unit discharge hose into mop bucket or other equipment.
2. Press green button below appropriate product to dispense cold water diluted product.
3. For hands-free operation, push the appropriate green button once to dispense cold water diluted product. Once filled, push the button again to stop product flow.

For carpeted areas, test for color fastness and bleeding.

Available in:

1.25 L
bags
