

Absenteeism can impact student learning and achievement.

The Centers for Disease Control and Prevention (CDC) reported that over two-thirds of U.S. students 5–17 years old missed school over a one-year period due to illness or injury.

The Centers for Disease Control and Prevention and World Health Organization (WHO) state that hand hygiene is one of the most important steps in preventing illness and stopping the spread of germs to others.

Elementary Schools Study¹

Objective: Determine effectiveness of mandatory school hand washing on absenteeism.

Results: Elementary school required hand washing

3 times a day before first lesson

before lunch

before going home

The elementary school showed a significant reduction in absenteeism.

Conclusion: Hand washing reduces absenteeism due to infectious illnesses in elementary schools, and a complete hand hygiene program is recommended.

Inge Nandrup-Bus, RN, Health Visitor, ICN, IBCLC. (December 2009). Mandatory hand washing in elementary schools reduces absenteeism due to infectious illness among pupils: A pilot intervention study. *American Journal of Infection Control, Vol.* 37. No. 10. Retrieved from http://www.ajicjournal.org

University Residence Halls Study²

Objective: Determine effectiveness of hand hygiene message campaign with use of alcohol gel hand sanitizer in decreasing upper respiratory illness among students living in university dormitories.

Results: Increased hand hygiene practices

reduced upper respiratory illness rates by

20%

and

reduced absenteeism by

43%

Conclusion: Hand hygiene practices improve with hand hygiene awareness campaigns and use of alcohol gel hand sanitizer.

Philosophy

Illness related absences can be a major concern in schools but can be improved dramatically through a proper hand hygiene program.

Symmetry understands the importance of hand hygiene acceptance and manufactures products that students and staff want to use.

Create a culture of hand hygiene
Reduce absenteeism
Increase opportunities for learning

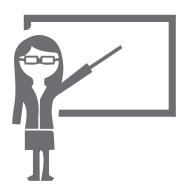

Symmetry Hand Hygiene Program

Provide high quality & low cost products

Comprehensive efficacy data

Implement tools to increase education & awareness

Implement behavior modification tools to increase hand hygiene practices

Symmetry Dispensers

1250 ml 2000 ml Alpine

1250 ml Empathy

1250 ml Alert

1250 ml

Vivid

1250 ml Calm

International Design Award (IDA) Bronze Sub-Category Winner

The ergonomics of the Symmetry dispenser combined with behavior modification placards and educational signs inspire hand hygiene practices at the source.

- Posters
- Product Literature
- Handwashing Videos

SBMS

Symmetry Behavior Modification System

We utilize behavioral science to drive hand hygiene practices.

The SBMS is a set of unique placards and signs with messages designed to inspire and maximize hand hygiene practices.

6 KEY TENETS:

#1 BENEVOLENCE

The disposition to do good

#2 RESPONSIBILITY

Other's expectations and/or requirements

#3 ACCOUNTABILITY

Willingness to accept responsibility and comply

#4 VARIATION

A change in form, substance, or position of something

#5 EMOTION

Strong feelings towards something

#6 DIRECTION

Instructional and guided statements to prompt action

Symmetry Hand Hygiene Assemblies

Fun, engaging and educational to help students develop lifelong hand hygiene practices

Designed for Pre-K to 3^{rd} grade students

Biscuit the Paw-Washing Dog mascot

Interactive video

Germ facts

Proper hand washing/hand sanitizing steps

*DVDs of assembly are available as well

Symmetry Try & Buy Program

The Symmetry Try & Buy Program is a great way for you to gather valuable feedback from the people using your hand hygiene products.

Your Symmetry representative will work with you to determine where Symmetry dispensers will be installed for testing.

Your Symmetry representative brings the appropriate Symmetry dispensers, hand hygiene products, and surveying tools.

Test Symmetry hand hygiene products and gather feedback. Each Symmetry dispenser will have a feedback sticker attached with your contact information on it.

Once product testing and evaluation are complete, meet with your Symmetry representative to review results and general feedback.
